

## **STUDENT OF THE MONTH**

### ***Lexie Ignaszewski***

*Congratulations to Lexie for being selected Student of the Month by the Social Studies Department. She was chosen because she is a very hard working and respectful student. She comes to class prepared and always has her work done. She is a strong leader in the class.*

*Lexie resides in New Richland with her family. She is the daughter of Tim and Tracy Ignaszewski. Her older brother, Cole graduated from NRHEG in 2016. Lexie has always attended NRHEG. Some of her best memories include being involved in school events and having fun with her friends.*

*As a Panther, Lexie has been VERY busy! She is a two sport athlete, playing volleyball and basketball since 9<sup>th</sup> grade. She is on the student council, and on the Prom, Homecoming and yearbook committees. Her junior year her Trig-Star team won the Mankato Regional competition and she was inducted into the National Honor Society. She was also on the Homecoming court. Last but not least, Lexie is in FFA and all of her life has been very active in 4-H and agriculture.*

*During the summer months Lexie works for the Steele County 4-H as part of the youth summer team. She goes to child care centers and does an educational science lesson with the kids.*

*In the fall, Lexie will be joining the Jack Rabbits at SDSU. It is no surprise to anyone that she intends to get a degree in Agriculture Education.*

*When asked to tell us about herself she stated that she has a dog named Wheeler and 50 rabbits! Her hobbies are showing her pigs, sheep and rabbits, racing, shopping and hanging out with friends. Her favorite color is orange and her favorite food of choice is steak.*

*When asked to share something surprising most people probably don't know about her, Lexie shares that she has raced cars since she was three years old! Her words of advice to her under-classmen are: Get involved, go to sporting events and have as much fun as you can while you're here, because it goes by fast!*
