BOARD / DISTRICT GOAL AREA # 4 - EQUITY

- Continue to support a safe, welcoming, and inclusive climate with a strong emphasis on anti-racism, anti-bias, anti-bullying, character education, civic engagement, student leadership, and family engagement.

Superintendent Performance Goal: The Superintendent will work to provide a professional development program that promotes professional growth while staying informed of educational trends, innovative practices, and teaching best practices.

As you think about public perception, what might be important for you to see on the district curriculum page? How might I help you ensure this goal is met?

Questions?

Thank you!
