NHS inductions will take place soon as we rescheduled the event.

From Mr. Stork: "Jack Schultz being selected to play in the MN All-Star Football game on Dec. 3 at 3:00 at US Bank Stadium. Below is an email that I was sent.

Principals,

It is my pleasure to inform you that one (or more) of your football players has been named to play in the 2016 Minnesota Football Showcase (High School All Star Game). Players will report to the Doubletree Hotel in St. Louis Park on Wednesday Nov 29. They will practice at Augsburg and Concordia Colleges from Wednesday thru Friday and play the game at 3:00 PM on Saturday Dec 3rd at US Bank Stadium. We have asked the players to inform their teachers, and complete as much advanced work as possible. Clicking on the picture below will take you to the Roster Press Release, and the link to purchase tickets is just below that. (I have also attached a Roster). Please feel free to pass this on to your students and staff so that they can support your player!

Congratulations to your school!

Dale N. Carlson, Superintendent

David A. Bunn, High School Principal

Douglas A. Anderson, Elementary Principal

Dave Fritze
Minnesota Football Showcase
Game Director

Celebrate Minnesota Football with the 44th Annual High School All Star Game

Minnesota Football Showcase – 44th Annual Minnesota High School All Star Game

Celebrate Minnesota football with the 44th annual Minnesota High School All Star Game on Saturday, December 3. See the states best high school football players take the field at U.S. Bank Stadium. Tickets for adults are \$16, children 13-17 years old are \$8 and kids 12 and younger are free.

BUY TICKETS NOW

All ticket proceeds go directly to the Minnesota Football Coaches Association and the Tackle Cancer Campaign. For more information visit vikings.com/showcase.

We are happy to have new backboards and mounts in the HS Gym as well as new lights in the MS gym.”

From Renee Moravec: “We have 3 students, whom I can't name because of confidentiality, who are working on communication strategies involving high tech and low tech items. All three have great paras who are willing to listen and do the tasks needed with the communication devices that are being implemented. Those students are making gains. Maybe the board would like to see some of the things these kids are using and using well.”

H.S. Math and Language Arts Department are providing additional support to some students that were identified from our Star testing and/or teacher recommendation during SSR time.

From Brad Root: “My students are building garden boxes for the food shelf and we have completed the Ellendale dugout project.”

Ben Schlaak is helping us get a DUI simulator here at our school and a speaker about distracted and/or drunk driving. We are looking to do this before graduation (May 18-19). I am excited about this opportunity for our kids!

From Mrs. Rudau: "The last week in October the Ambassadors organized activities connected to Red Ribbon Week. This included a pledge chain that is hanging in the Commons. Students signed a pledge to elect to make positive choices and were given a bracelet with the same phrase. During lunch we took pictures and eventually these pictures will be put on the school web page. Each day had a theme that was introduced by members dealing with a specific choice that is positive. Since we are at 42 members we divided our group in half and this was the focus of Team Red Ribbon.

The second half of the group, Team Veterans, focused on organizing a breakfast and program. The breakfast had 8 veterans and spouses join our students in the Commons. We had students meet them at the back doors, walk them to the breakfast, pour coffee, and visit with them from 7:45 a.m. until 8:30 a.m. It was an amazing experience as students were nervous about mingling, but quickly became very comfortable with the members. The Veteran's Day program will be this Friday and students have taken on reading parts, flag folding, and creating the paper program. In addition to that we also had students interview 5 veterans to introduce them to the student body at the program.

Looking ahead to the future we are planning a quick fundraiser for diabetes right after Thanksgiving. In January we will have a Jump Rope for the Heart event to promote a heart healthy lifestyle."

MS students are attending Tuesday Study Halls. I typically have a group from 8 to 12 students. We have been serving freezer pops, but will switch to Hot Chocolate with the cooler weather.

It is an inspiring group that has been amazing to work with this year. We started in 2013 with a group of 6 and each year have grown. My goal as an advisor is to continue to help them find opportunities to spread positive message within our school and community.
