Summer School/Credit Recovery:

Thank you to the New Richland Area Foundation for helping support our Summer School Acellus program that assisted students on keeping track for graduation. Great job Mrs. Eder for coordinating this worthy opportunity. We had 17 students complete 28 classes and 20 classes are on-going and will need finish up this fall. We will continue to use Acellus for credit recovery throughout the school year.

No Bully School:

This is a reminder that the NRHEG District has applied for and received a \$15,000.00 grant to bring the NO BULLY SCHOOL Partnership to our school. ESPN and Major League Baseball have agreed to fully sponsor six schools within Minnesota for a NO BULLY School Partnership in the 2018-2019 School Year. The NO BULLY program is an integrated series of interventions for schools to implement to prevent and stop student bullying and harassment. The NO BULLY program brings schools in to compliance with state and federal anti-bullying mandates and aligns well with Positive Behavioral Interventions and Supports (PBIS). Both the secondary and elementary sites will develop a Leadership Coaching Team. Training will be provided to the team members and a foundational training will be given to all school staff. Parents will also be provided with a parent workshop. (Dave Bunn & Doug Anderson)

School Leadership Team:

Below is an excerpt from a letter to some members of the staff who were asked to be on a school leadership team:

“I am very excited for the REACH program as it will serve our students and community well. Let’s not forget all the fall sporting events and all the excitement that goes into the start of the school year. The most exciting thing I think we have going for us is working with Susan Burris, Program Manager, District Support Specialist for the Minnesota Department of Education and Resource Training & Solutions. Susan has been a great resource for schools across the state in improving their educational practices and efficacy. Additionally, Mary Jenatscheck from the Regional Centers for Excellence in Marshall will assist in our journey. Our work for school improvement is not complete. We must continue to get better at what we do.

With improvement comes change, hence the development of our school leadership team. We need dedicated, staff respected, forward thinkers to assist in this process. You are part of that equation! Together, we will set the foundation for sustainable growth for our students, staff and community.

We will have our first meeting August 22, 2018 from 8-12 in the Board Room. I will provide breakfast sandwiches, water and coffee to get us motivated. Furthermore, I am seeking compensation through building staff development funds. During our meeting we will define our purpose and prepare for the school year. Your input is so appreciated and I cannot wait to start this new endeavor with you. Please remember the foundational pillars of our school:

Our Mission

**Empowering students
with knowledge
and skills to succeed.**

Our Vision

**To be the school district of choice,
inspiring excellence in
academics, arts, and activities.**
